

**USS** specialises in the carriage and logistics solution to the petro chemical and Pharmaceutical industry.

USS commands comprehensive expertise in the logistics of petro chemical and pharmaceutical products. We develop individual solutions for you, take on project management, and realise the entire supply chain - from procurement to distribution, up to disposal logistics.

We offer transport solutions for nearly all classes of hazardous materials, irrespective of the carrier: road and rail goods transport, just the same as air freight and sea freight handling.

USS takes on for you the role of external dangerous goods safety adviser for all carriers (road, rail, inland water, deep sea, and air).

Our qualified employees fulfil for you the legally prescribed requirements when handling dangerous goods.

Our chemical sites are audited according to ISO 9001, and subject to their activities also to ISO 14001 and SQAS guidelines.

We hope you find our Lube & Chemical solutions interesting and encourage you to send us an inquiry.

With Best Regards, Met vriendelijke groeten, Sincères Salutations
